DAHLIA SPECIALIST
PECONIC, L. I., N. Y.

DAHLIAS ARE MY SPECIALTY

GIVE my whole time to the growing of this most popular flower and so can guarantee general satisfaction. I guarantee every bulb I send out to have at least one sprout or eye on it at the time it is received by the purchaser; but cannot guarantee bulbs kept in a dry place a long time before planting. Any bulb not satisfactory at the time of its arrival will be replaced, or money refunded, as may be desired by purchaser. Any unsatisfactory bulbs must be returned within ten days from date of shipment, as my responsibility ceases after that time. Any one who ordered bulbs from me at the various places I exhibited flowers last fall may prevent duplication, when they wish to add to their order, by writing me for a copy of their original order. As the demand for certain varieties always exceeds the supply, it will be to the purchaser's interest to order as soon as catalog is received. Purchasers desiring collections made up may have the benefit of my experience gratis. My bulbs are all field-grown; no plants or pot-grown bulbs. When orders are sent, purchasers will please give second choice or state whether I shall substitute similar varieties, or send the order partly filled, with the balance in money. All orders will be shipped, either by Express or Parcel Post, prepaid, about the middle of May. Any one wishing to receive their bulbs before paying for them may have them shipped C. O. D. Parcel Post.

A GOOD BARGAIN

MIXED GLADIOLI BULBS

I have a good many varieties of gladioli not enough of a kind to list in my catalog. These I am selling for 5c each or \$3.00 per 100.

The following list of Perennials are .75 per doz. with the exception of the De Luxe Hybrid Delphinium, which are \$2.00 per doz. plants.

You will notice by other catalogues that these prices are very cheap.

Last year I sold plants all over Long Island, and well up in the State.

I ship these plants prepaid, but it is better to call for them if you can.

Rather than to sell these dahlias to a seed house, we are offering the special collection as an advertisement. These collections are my own selections; no two alike and each one labeled. Delivered, charges prepaid. If these dahlias were selected from the catalog they would cost over twice the amount that they do in the collections.
